## **NBBOA 34<sup>th</sup> ANNUAL CONFERENCE**

**Attention All NBBOA Members:**

The New Brunswick Building Officials Association is hosting their 34<sup>th</sup> annual conference and training seminar from April 13 to April 16, 2010 at the Crowne Plaza (Lord Beaverbrook) hotel in Fredericton, New Brunswick.

This year's event offers a full day pre-conference seminar by the Heating and Refrigeration Institute of Canada (HRAI) on residential mechanical ventilation installations, as well as a great line up of guest speakers covering a range of topics from fire stop systems, enforcement of dangerous and unsightly premises regulations, and spray foam insulation to name a few.

Please don't forget there are also a number of positions to be filled on the executive and other committees. Please give these positions some serious thought; it's only through our strong volunteer support that allows this association to thrive!

Looking forward to seeing you all there. Register early!!

Best Regards

Rob Pero  
AGM Chairperson
